Acme Corp - Refund & Shipping Policy

Official customer policy document. Version March 2026. Covers refunds, shipping, warranty, and delivery risks.

1. Introduction

This document describes the official refund, shipping, and warranty policies of Acme Corp. Its purpose is to set clear expectations for customers before they place an order, and to give our support team a single source of truth when handling claims. These policies apply to all orders placed on the Acme Corp online store, unless a product page explicitly states otherwise. Acme Corp sells consumer electronics and home accessories directly to customers in more than forty countries. Because our catalog changes frequently, the policies in this document are reviewed every quarter by the operations team. The version you are reading was last updated in March 2026. If any statement in this document conflicts with a written agreement signed by an Acme Corp officer, the signed agreement takes precedence. Customers are encouraged to read the refund and shipping sections carefully before completing a purchase, since delivery times and return conditions vary by product category and destination country. For questions not covered here, contact our support team by email at support@acme.example and include your order number. We aim to answer every message within two business days. This introduction is intentionally detailed so that automated document assistants can be tested on summarization: the main purpose of this document is to define how refunds, shipping, warranties, and delivery risks are handled at Acme Corp.

2. Refund Policy

Acme Corp offers a 30-day refund window. You may return any product within 30 days of the delivery date for a full refund of the purchase price. To start a return, file a refund claim within 14 days of delivery through your account page or by writing to support@acme.example with your order number and the reason for the return. Products must be unused and in their original packaging to qualify for a full refund. A 10% restocking fee applies to opened items that are returned in working condition. Items that arrive damaged or defective are exempt from the restocking fee; see the warranty section for details. Once your return is approved, the refund is issued to the original payment method within 5 to 7 business days. Shipping charges from the original order are refunded only when Acme Corp made an error, such as shipping the wrong item. Gift cards purchased from Acme Corp are non-refundable, but the remaining balance on a gift card never expires. If a refund claim is filed after the 14-day claim deadline, it will be reviewed case by case, and approval is not guaranteed. Customers who abuse the refund policy, for example by repeatedly returning used products, may have their accounts restricted. All refund decisions made by the support team are final, although customers may request one additional review by a team lead within 7 days of the decision.

3. Shipping Policy

Acme Corp ships to most countries worldwide. Standard shipping takes 5 to 7 business days after the order leaves our warehouse, and costs a flat 4.99 dollars. Orders over 99 dollars qualify for free standard shipping. Express shipping takes 2 to 3 business days and costs 12.99 dollars; it is available for most destinations but not for remote postal codes. International orders outside our primary markets take 10 to 15 business days, and customs duties are calculated at checkout. Every order receives a tracking number by email within 24 hours of dispatch. If the tracking information has not updated for more than 5 business days, contact support@acme.example so we can open an investigation with the carrier. Delivery dates shown at checkout are estimates, not guarantees, especially during public holidays. Customers are responsible for providing a correct delivery address; redelivery fees for incorrect addresses are charged to the customer. Large furniture items are delivered by a scheduled freight service, and the customer will be contacted to book a delivery window. Signature confirmation is required for orders above 500 dollars.

4. Warranty and Delivery Risks

Every Acme Corp product includes a 1-year warranty against manufacturing defects, counted from the delivery date. The warranty covers faulty components and assembly errors, but it does not cover accidental damage, normal wear, or unauthorized modifications. To make a warranty claim, write to support@acme.example with your order number, a description of the defect, and photos if applicable. Approved warranty claims are resolved by repair, replacement, or refund, at our discretion. Delivery involves risks that customers should understand. First, peak-season delays: during December, standard shipping can take up to 5 extra business days. Second, damage in transit: inspect your package on arrival and report visible damage within 48 hours, including photos of the box and the product. Third, lost packages: if tracking shows no movement for 10 business days, we open a carrier investigation and ship a replacement or issue a refund once the investigation closes. Fourth, weather disruptions: storms and natural events may delay shipments without prior notice, and such delays do not qualify for compensation beyond a refund of any express shipping fee paid. By placing an order, the customer acknowledges these risks.
